Optional Vaccinations

Bordetella: REcommended prior to boarding your pet, grooming or even dog training (puppy classes).

Lyme: Is a two-series vaccination (1st time canine needs booster, after that it is annually) to protect your canine from deer ticks or black - legged ticks.

Heartworm Prevention: Monthly Heartworm pills (Iverheart & Heart Guard). These preventatives also prevent roundworms, hookworms, and tapeworms!!!

DHPP = Distemper, Hepatitis (Canine), Parvo, Parainfluenza

Heartworm: A mosquito transfers the worm larvae from an infected dog to other dogs

Vaccinate and have a healthy, happy pet!!!!
